

Decking Products

NEXTWOOD Outdoor Products offers a variety of wood-alternative outdoor products, including fencing and decking. Its Decking product line offers durability and beauty with easy maintenance – a perfect choice to suit your family's home.

NEXTWOOD Decking Products are made with advanced CORECELL Technology – structural cellular PVC core and durable, protective acrylic cap.

OUTDOOR LIVING

NEXTWOOD Deck creates a private outdoor living room for great lifestyle and entertainment.

LESS WORK

NEXTWOOD's choice of materials mean long-lasting beauty with minimum maintenance.

SUPERNATURAL BEAUTY

Clean, fastener-free deck surface for aesthetics and safety through the use of NEXTWOOD's deck clip board. Available in four attractive surface colours with wood-like pattern.

DURABILITY

NEXTWOOD Decking product is engineered for maximum resistance against chemical, micro-organism and environmental attacks.

BUILD YOUR DREAM DECK

NEXTWOOD Decking Products are created to optimize structural performance, aesthetic, durability, and low maintenance.

LIFETIME WARRANTY

NEXTWOOD also backs all its PVC products with a Lifetime Warranty. Shouldn't your deck last as long as you plan to live in the house?

PVC Decking System

BUILDER'S CHOICE
